## General Sale Information

**DATE AND PLACE** — Monday, September 12, 1955, starting at 12:00 o'clock noon, in the modern Hebron Sale Pavilion at the west end of Main Street. Hebron, Nebraska is located on the famous US Hiway No. 81 in southern Nebraska.

**TERMS** — Terms of the sale are cash. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off but the management will attend to loading on cars or trucks in compliance with instructions from purchasers.

**GUARANTEE** — All the bulls in this sale will be sold under the standard guarantee of the American Shorthorn Breeders Association. Since this is a complete dispersion, however, the females will be sold without guarantees. We would like to point out, however, that all of them with the exception of the open heifers are regular producing cows, most of them with calves at foot or close to calving. Any questionable producers were always removed in our systematic culling practice each year. We will give you all the information we have on them with reference to breeding dates and announcements from the auction block will have precedence over printed information.

**HEALTH** — Every animal selling will have passed a clean test for Bangs and T.B. within 30 days of sale date. The herd carries an accredited herd certificate for Bangs which certifies it as Brucellosis free. Proper health charts will be furnished upon settlement for the cattle that will take them into any state or territory.

**LIABILITY** — The transaction constitutes a contract between the buyer and seller of each lot. The auctioneer, clerk and sale manager have been employed by J. R. Kenner for specific tasks not connected with the handling of the cattle or the condition of the premises, and they accept no liability for the contract or for any accidents that may occur. J. R. Kenner will make every effort to provide for the comfort and safety of those attending the sale, but he can accept no liability for injuries that may occur. Accidents at cattle sales are rare, but all attending must do so at their own risk. Footnotes were written by the owner or written from information provided by him.

**BIDS** — Those wishing to buy who cannot be present may leave with or send their bids to the sale manager, Mervin F. Aegerter of The Shorthorn World; to Ted Aegerter, Field Representative of the American Shorthorn Breeders' Association, Seward, Nebraska; to Allan C. Atlasson, Secretary, American Shorthorn Breeders' Association, 7 Dexter Park Ave., Union Stock Yards, Chicago, Ill.; to Arden Aegerter of the Journal Stockman; to Lawrence Buller of the Nebraska Farmer, Lincoln, Nebr., or to Mike Wilson, Kansas Farmer.

**AUCTIONEERS** — J. E. Halsey, Des Moines, Ia., and C. D. Swaffar, Tulsa, Okla.

## You're Buying from One of the Best Polled Shorthorn Foundation Herds in America

J. R. Kenner, owner of Kintyre Farms, Hebron, Nebraska, started his Polled Shorthorn herd in 1934. A busy man, it did not take him long to gain national recognition in the Polled Shorthorn field. His many years of business experience as president of the Thayer County Bank and as an active stockman and farmer taught him to employ the best practices in any job he undertook. I remember well one of my first visits with him when he said, "Whenever you run across a proven breeding bull, buy him for me." The success of Kintyre Shorthorns can be well laid to three outstanding herd bulls used in succession in the Kintyre herd. First there was the noted Collynie Fascinator x, an International first prize winner. He sired the famed Collynie Compact x that made the Cherry Hill herd famous. Next he used Gold Gloster x, without a doubt the greatest breeding son of Gloster Dale x. He sired a lot of great cattle including a National Congress champion bull. To prove that JR never hesitated to buy a good bull when he saw one. He paid \$2,725 for Coronet Max Juggler 9th x, at nine months of age in the 1950 Thieman Sale. He also has sired a National Congress champion and living evidence of his greatness will be found in the Kenner herd today.

Mr. Kenner is still active in his Thayer County Bank, in state soil conservation work and as a past president of the Nebraska Bankers Association. The only reason this herd is being sold is to relieve him of some of his responsibilities and never before have buyers had the opportunity to own so many good Polled Shorthorn brood cows and herd bull prospects.

Kintyre Shorthorns have always rated high in National Congress Sales, in shows, in strong regional shows such as the annual Omaha Sales where they have been champions numerous times and in the local and state sales at Columbus and Superior, Nebraska. Some idea of their record can be gained from the information contained in this catalog.

I have often told J. R. Kenner that most breeders are lucky to have been able to find one great breeding bull in a lifetime -- he has had three of them in succession.

J. R. KENNER'S COMPLETE DISPERSION SALE

# J. R. KENNER'S COMPLETE DISPERSION SALE

OUR TWENTY YEARS in the Polled Shorthorn business have been among our greatest experiences in life. We would not take anything for the friends we have made.

There have been many thrills . . . many championships and top sellers. It has been a profitable herd and we are certain those who buy the cattle will find them to be profitable for them.

The bulls include the five-year-old proven herd sire, Coronet MAX JUGGLER 9th x, by the International grand champion, Killearn Max Juggler. Here is one of the top herd bulls of the breed and 10 sons and 37 daughters sell in this sale. He sired the 1953 National Polled Congress Shorthorn female champion. Among his young yearling sons in this sale are several top notch herd bull prospects of the finest caliber.

The females include 50 cows with calves at foot or close to calving. Included are 8 daughters of the Chicago International first prize winner, Scottish Peer x, 9 daughters of Gold Gloster x, sire of the National Congress champion bull, Kintyre Commando x. Others by Collynie Sensation x, Collynie Fascinator x, Oakwood Royal Captain x, Oakwood Crusader x and Collynie Impression x. The 30 open heifers include 27 daughters of Coronet Max Juggler 9th x and 3 by Kintyre Commando 2nd x, full brother to the National Congress champion bull, Kintyre Commando x. These are all from the 1954 calf crop and include several show heifers.

The reason for the dispersion is simple, it has grown larger than what I can handle in addition to my many other responsibilities. Although I hope I am not saying goodbye for good . . . because I have really learned to love good Polled Shorthorns . . . every last hoof on the farm will be sold and nothing will be held out of this dispersal.

CORONET MAX JUGGLER 9th x — this great headed, heavy-boned, short-legged, dark red son of the International grand champion, Killearn Max Juggler, was calved January 14, 1950 and was purchased by us at nine months of age in the L. W. Thieman Sale at Concordia, Mo., for \$2,725. His dam is one of the greatest females ever produced in the C. B. Teegardin & Sons herd at Ashville, Ia. She is Oakwood Rosewood 10th by the International grand champion, Oakwood Emperor x by the International champion, Oakwood Royal King x. A full sister to Coronet Max Juggler 9th x is one of the most outstanding females in the Thieman herd. His very top calves are evidence of the definite superiority of Coronet Max Juggler 9th x as a breeding bull. He has been definitely appraised by many prominent cattlemen to be one of the best sons of the International grand champion . . . and best of all he has proved his ability to pass his good qualities on to his calves.

KINTYRE PURVIS x. Due to camera difficulty the photograph of this bull did not turn out so we are unable to show you a picture of probably the best bull in the sale. He is really thick and deep-bodied with a world of bone and substance and a real herd bull's head. He is an individual that is hard to fault and a half-brother by the same dam was the top selling bull at the Nebraska-Kansas breeders sale at Superior, Nebr. His dam, one of our best producing cows, is by Collynie Fascinator x, that did so much good for the Hultines before we bought him and then went on down in Alabama to the herd of R. R. Johnson at Dancy where he kept going until he was 13 years of age. Here is a great individual with all of the good things of the Polled Shorthorn breed bred right into him.

HEBRON, NEBRASKA • SEPTEMBER 12, 1955

COLLYNIE COMP ACT x, by Collynie Fascinator x was purchased by H. L. Straus for his famous Cherry Hill Farm Herd in Maryland after he had searched the country over for a bull that measured up to his specifications for type and conformation and that was bred to reproduce the Polled characteristics. He combined the blood of Albert Hultine & Sons two great breed improvers, King Collynie Junior x and Daybreak's Collynie x. For Cherry Hill he sired the first prize get of sire at the 1946 International Livestock Show.
